

### **LETTER FROM GREG RYAN:**

Welcome to the Manchester United Premier Cup. I am excited to see that our best youth players have the opportunity to accelerate their development and understanding of the game by playing in such a high level tournament. Our U-14's make up our first group of players to enter the US National Team Program. It is essential to our continued success that our youngest players receive outstanding training and games in order to prepare them to play for their country in a World Cup or Olympics. I want to wish you the very best in your soccer experiences and success in the tournament!

Sincerely,

**Greg Ryan**

**Head Coach, Women's U.S. National Team**
